## 2009 PRELIMINARY NOMINATION FORM

### What are the Niagara Entrepreneur of the Year Awards?

Since 1994, the Niagara Entrepreneur of the Year Awards (NEYA) have been honouring enterprising people whose businesses have made significant differences in the community, and in our lives. The awards are a symbol of achievement for those innovative entrepreneurs who provide inspiration, exemplify excellence and carry out their unique vision.

The NEYA program celebrates and honours the entrepreneurial spirit, the successes and accomplishment of Niagara's best and brightest business leaders. The men and women who have been recognized through these awards

exemplify the true spirit of entrepreneurship. Through hard work, determination, creativity and resourcefulness, they have established new ventures or lead existing ones into renewed growth. Last year, we celebrated the fourteenth anniversary of this program. Our goal is to continue to spotlight Niagara's best, and to help them become more widely recognized in the Canadian and international business community.

Since the program's inception 616 nominees have been recognized and 203 local entrepreneurs have received awards.

### Who may be nominated?

All nominees must live or work in the Niagara Region. The entrepreneur must be the key person responsible for the success and growth of a Niagara-based company. Partners who are equally responsible for entrepreneurial achievement may be named as co-nominees, provided each meets all criteria. Nominees must indicate the categories in which they would like to receive consideration. The nominations vetting committee will make the final decision regarding the category best suited to the nature of the application.

No company or individual may win a specific award more than once; however previous award recipients may compete in other categories for which they qualify.

An entrepreneur may not be nominated more than twice in any one particular category within a 5 year period (eg. if you were nominated in the Innovative Small Business Category in 2003, and 2004, then a nomination cannot be submitted in this category again until 2009).

- regional media coverage
